## TELEPHONE DIRECTORY

### Automatic Telephones

The University has its own Automatic telephone system connecting the buildings on the campus. The numbers given in the following list are to be used in calling from one University office or building to another. The system is connected with the local automatic system operating in Champaign and Urbana. In calling a city number **from the University**, prefix 3 or 4 to the number given in the town telephone directory; e. g., to get 1257 from the University, call 31257; if you get the "busy" signal (an intermittent buzzing), try 41257. In calling a University number **from either city**, prefix 20 to the University number; e. g., to get 220, call 20220. Report trouble to 142.

#### Other Abbreviations

**Class**—The numerals 1, 2, 3, and 4, indicate the freshman, sophomore, junior, and senior classes respectively. The actual number of semester hours credited to each student on September 15, 1916, is shown by the numbers in parenthesis. By general rule, all students with fewer than 30 hours credit are classed as "1"; with more than 30 but fewer than 60, as "2"; with more than 60 but fewer than 94, as "3"; and with 94 or more, as "4." This classification does not bear any relation to the requirements for graduation set by the several departments.

**Address**—The local address is given first. Residence in Champaign is indicated by "C"; in Urbana, by "U."

**Telephone**—Automatic telephone numbers are indicated by the letter A; Bell numbers by the letter B.

## UNIVERSITY APPROVED LODGING HOUSES

The list of rooming houses below is no doubt incomplete. It was of necessity compiled largely from data obtained last spring, and, therefore, is probably sometimes inaccurate. No houses are included which do not offer accommodations for more than two students. An attempt has been made to include in the list only such lodging places as are well cared for, comfortably furnished, comfortably heated, and adequately supplied with sanitary toilet facilities. The standards which have been followed in the preparation of the list have already been sent to lodging house keepers. No houses for women are included.

# UNIVERSITY TELEPHONE DIRECTORY

## Automatic Telephones

The University has its own Automatic telephone system connecting the buildings on the campus. The numbers given in the following list are to be used in calling from one University office or building to another. The system is connected with the local automatic system operating in Champaign and Urbana. In calling a city number from the University prefix 3 or 4 to the number given in the town telephone directory; e. g., to get 1257 from the University, call 31257; if you get the busy signal (an intermittent buzzing), try 41257. In calling a University number from either city, prefix 20 to the University number; e. g., to get 220, call 20220. Report trouble to 142.

#### Other Abbreviations

**Class**—The numerals 1, 2, 3, and 4, indicate the freshman, sophomore, junior, and senior classes respectively. The actual number of semester hours credited to each student on September 15, 1917, is shown by the numbers in parenthesis. By general rule, all students with fewer than 30 hours credit are classed as "1"; with more than 30 but fewer than 60, as "2"; with more than 60 but fewer than 94, as "3"; and with 94 or more, as "4." This classification does not bear any relation to the requirements for graduation set by the several departments. In the few cases where undergraduate students hold degrees, the degree is placed in parenthesis instead of the hours.

**Address**—Residence in Champaign is indicated by "C"; in Urbana, by "U."

## UNIVERSITY APPROVED LODGING HOUSES

The list of rooming houses below is no doubt incomplete. It was of necessity compiled from data obtained last spring, and, therefore, is probably sometimes inaccurate. No houses are included which do not offer accommodations for more than two students. An attempt has been made to include in the list only such lodging places as are well cared for, comfortably furnished, comfortably heated, and adequately supplied with sanitary toilet facilities. The standards which have been followed in the preparation of the list have already been sent to lodging house keepers. No attempt has been made to include those lodging places which were not open to students during the past year. No houses for women are included.

# UNIVERSITY TELEPHONE DIRECTORY

## Automatic Telephones

The University has its own Automatic telephone system connecting the buildings on the campus. The numbers given in the following list are to be used in calling from one University office or building to another. The system is connected with the local automatic system operating in Champaign and Urbana. In calling a city number **from the University** prefix 3 or 4 to the number given in the town telephone directory; e. g., to get 1257 from the University, call 31257; if you get the busy signal (an intermittent buzzing), try 41257. In calling a University number **from either city**, prefix 20 to the University number; e. g., to get 220, call 20220. Report trouble to 142.

### Other Abbreviations

Class—The numerals 1, 2, 3, and 4, indicate the freshman, sophomore, junior, and senior classes respectively. The actual number of semester hours credited to each student on September 15, 1918, is shown by the numbers in parenthesis. By general rule, all students with fewer than 30 hours credit are classed as "1"; with more than 30 but fewer than 60, as "2"; with more than 60 but fewer than 94, as as "3"; and with 94 or more, as "4." This classification does not bear any relation to the requirements for graduation set by the several departments. In the few cases where undergraduate students hold degrees, the degree is placed in parenthesis instead of the hours. Students transferred from other institutions, whose credit in hours has not been determined, are indicated by "Tr."

Address—Residence in Champaign is indicated by "C"; in Urbana, by "U."

Telephone—A—Automatic; B—Bell

# UNIVERSITY TELEPHONE DIRECTORY

## Automatic Telephones

The University has its own Automatic telephone system connecting the buildings on the campus. The numbers given in the following list are to be used in calling from one University office or building to another. The system is connected with the local automatic system operating in Champaign and Urbana. In calling a city number from the University prefix 3 or 4 to the number given in the town telephone directory; e. g., to get 1257 from the University, call 31257: if you get the busy signal (an intermittent buzzing), try 41257. In calling a University number from either city, prefix 20 to the University number; e. g., to get 220, call 20220. In calling numbers over the Bell telephone, prefix the word **Main** for Bell numbers and the word **Garfield** for Automatic numbers. Report trouble to 142.

### Other Abbreviations

Class—The numerals 1, 2, 3, and 4, indicate the freshman, sophomore, junior, and senior classes respectively. The actual number of semester hours credited to each student on September 15, 1919, is shown by the numbers in parenthesis. By general rule, all students with fewer than 30 hours credit are classed as "1"; with more than 30 but fewer than 60, as "2"; with more than 60 but fewer than 94, as "3"; and with 94 or more, as "4." This classification does not bear any relation to the requirements for graduation set by the several departments. In the few cases where undergraduate students hold degrees, the degree is placed in parenthesis instead of the hours. Students transferred from other institutions, whose credit in hours has not been determined, are indicated by "Tr."

Address—Residence in Champaign is indicated by "C;" in Urbana, by "U."

Telephone—Gar.—Automatic; Mn.—Bell.
